Dentistry

**Family
&
Cosmetic
Dentistry!**

Welcome to our practice!
We are committed to providing high
quality, personalized services.

Dr. Purvi Desai, DDS.

Our business grows by referrals

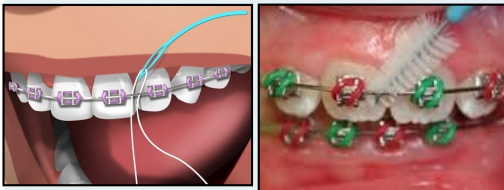

Patient Friendly Ortho:

Our office has given a great deal of thought to your care, including using the latest, most technically advanced and patient friendly bracket and band bonding system available.

Tooth Brushing & Oral Care:

Braces tend to trap food and Bacteria (plaque) on teeth. Unless this plaque is removed, damage to teeth and gums can occur. Therefore, tooth brushing instructions given to you by our staff should be carefully followed.

Family & Cosmetic Dentistry

Cleanings and Gum Treatment

White Crowns

White Fillings

Implants

Root Canal

Sports Guard

INSMILE
Dentistry

Invisalign® treatment can help you do this! The Invisalign system is an alternative to braces and is a great solution for adults who are looking for straighter teeth and a healthier smile. We have been using Invisalign in our office with great success and have many happy patients complete treatment.
